

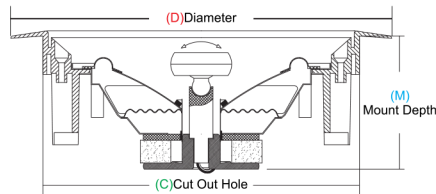

# Image In-Ceiling Speakers

Available in Three Sizes/Models

Model:  
CM-500

Model:  
CM-600

Model:  
CM-800

	CM-500	CM-600	CM-800
(D) Diameter	231mm	252mm	293mm
(C) Cut Out Hole	190mm	210mm	250mm
(M) Mount Depth	85mm	90mm	102mm

## INTENDED USE

- ✓ Contractors, Custom Installers and Retailers
- ✓ New Construction and Retrofit Jobs
- ✓ Home Theater/5.1 & 2-Channel/Music Systems
- ✓ Can Be Used in Both Boats and RV's

## SPECIAL FEATURES & HIGHLIGHTS

- High efficiency output
- Spring loaded speaker terminals
- Anit-rust aluminum grilles
- Available in 5", 6" and 8" models
- High value low cost solution for any job
- Silk, 20mm, swiveling neodymium tweeters
- Low mass poly injection cone bodies for fast and accurate response time
- Wide rubber surround to compliment extra piston area for more musical output
- Paintable grilles and frames to match any decor
- High quality capacitors and inductors
- Easy to use Turn-N-Lock installation

## OBJECTIVE

Engineered to bring a new dimension of reality and convenience to a flush-mount design, the Earthquake CM-in-ceiling surround speakers feature a unique adjustable tweeter that allows custom designers to create enveloping sound fields and localized effects without disrupting a home's decor.

Designed for surround use in home theater and music applications, the CM series employs a poly injection woofer cone and a single 3/4" neodymium tweeter with silk dome and enhanced high frequency. Because of its adjustable tweeter and expanded surround woofer, the CM speakers out perform conventional designs by maximizing diffusion, clarity and efficiency while minimizing room interaction that blur sonic truth.

## SPECIFICATIONS

	CM-500	CM-600	CM-800
Power Handling	90 Watts	100 Watts	125 Watts
Frequency Response	70Hz - 21kHz	60Hz - 21kHz	45Hz - 21kHz
Woofer	5-1/4"	6-1/2"	8"
Weight	1.9 lbs.	2.8 lbs	3.5lbs

## NOTES

MODEL	MSRP	MAP
CM-500	\$240.00pr	\$199.00pr
CM-600	\$270.00pr	\$225.00pr
CM-800	\$340.00pr	\$270.00pr
