

TNT COAXIAL SPEAKER

PRODUCT RELEASE

**EARTHQUAKE
SOUND**
Sound That Will Move You.

T693 with grille

AFFORDABLE HIGH VOLUME

Earthquake Sound's TNT 6x9 3-way coaxial unites power and versatility. This speaker can replace factory speakers in a snap while still sounding completely sharp and clear. The fact that they go to 20Hz almost eliminates a need for a subwoofer. The TNT 6x9 has no fancy frills or looks; just pure, raw power that everybody can appreciate.
